

THE 2009-2010 Cary Elementary – Student & Staff Directory

The CES PTA would like to again offer families and staff members a Student Directory for this school year. This is a handy reference for students to look up telephone numbers and addresses of their classmates and also contains additional important information including staff directory with e-mail addresses.

Per Wake County Public School System, “directory information will be made public without permission unless a **parent annually requests** to the school that such information not be released. Any parent, guardian, or eligible student who does not wish for Wake County Public School System to release directory information must notify the school in writing each year within twenty (20) school days of receipt of this notice.”

We realize that under certain circumstances you, as a parent, may not want your student’s name(s), phone number and address listed in the directory. **If this is the case and you do not want your student’s name(s), phone number and address listed, you must notify the PTA in writing by September 22, 2009.** If we do not receive notification by this date, your student will be included in the directory.

Parents: Please complete the following form (if you do not want your student’s name, phone number and address listed in the directory) and return to your students teacher, or to the CES main office.

I do not want my child’s name, phone number and address published in the 2009-2010 – Student & Staff Directory.

Student’s Name(s): _____

Address: _____

Parent/Guardian Signature: _____

Phone Number: _____ Grade: _____
